**CERTIFICATION**

This is to certify that at the request of The City of Wickliffe I have surveyed and platted the lands shown hereon and containing 0.929 acres of land.

At all points so indicated monuments were either found or set. Distances shown are in feet and decimal parts thereof. Bearings are based upon an assumed meridian and are for the sole purpose of describing the relative angular value between lines. All of which I certify to be correct to the best of knowledge and belief.

This is to certify that this plat represents a survey in which the traverse of the exterior boundaries when computed from field measurements was accurate to within a minimum precision of 1:10,000 before balancing the survey, and all the monuments are correctly shown hereon.
