

# LakeNavigator 3.0 Help – Near Me Tool

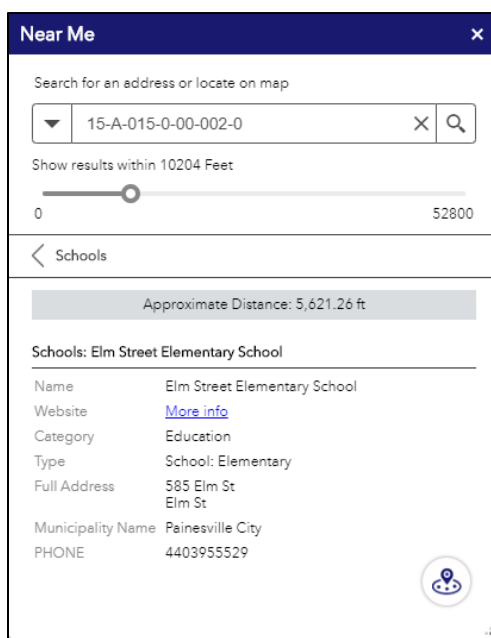

**Description:** This tool located in the upper left corner of the map area allows users to select a parcel and find important facilities like police stations, schools, hospitals, and libraries within a user-specified distance (up to a mile).

**Function:** This tool uses the same search functionality as the universal ‘Search’ tool so users can enter a PIN, address, or owner’s name to find their parcel of interest. Once the parcel is found, you can change the search radius using the slider bar. The results will automatically update as you move the slider. You can expand any category returned to see detailed list and then click on an individual feature to see detailed attribute data.

**Expanded ‘School’ list**

**‘School’ details**

To get more help with this tool, see ESRI’s help page for the ‘Near Me’ widget: [https://doc.arcgis.com/en/web-appbuilder/create-apps/widget-near-me.htm#ESRI\\_SECTION1\\_36550985BF7B4C358C9A32A5DF86A58B](https://doc.arcgis.com/en/web-appbuilder/create-apps/widget-near-me.htm#ESRI_SECTION1_36550985BF7B4C358C9A32A5DF86A58B)
